

TOGETHER

by Robert Fitt

Joseph, and his beloved brother Hyrum,
Together in life,
Were olive branches on the tree of life.

"I go to Carthage", Joseph said to Hyrum.
"Stay here and live. Lead the Church to greatness." for
"I go like a lamb to the slaughter."

But Hyrum set his jaw in love, refusing to leave his side.
And when rabble tainted Carthage
With martyr blood

Hyrum and his beloved brother Joseph,
Together in death,
Were olive branches on the tree of life.
